Date of birth: Sep 5, 1991
Nationality: Greek

EFTHIMIOS ANTONIOS PILARINOS

What sets me apart is my dedication to staying up-to-date with the latest trends and best practices in front end development. I possess strong communication and interpersonal skills, which allow me to effectively collaborate with cross-functional teams, understand project requirements, and translate design concepts into functional and visually appealing websites. My experience working in team environments has honed my ability to actively listen, adapt to diverse perspectives, and contribute constructively to discussions. Additionally, I have demonstrated leadership qualities by taking initiative, coordinating tasks, and motivating team members to deliver high-quality projects within deadlines. These skills, combined with my technical expertise, enable me to not only meet project requirements but also foster a positive and productive work atmosphere.
